

Maureen Cookson

UK Retailer Of The Year

In this time of uncertainty, there is nothing more reassuring to read than Maureen Cooksons' exciting autumn news!

And we have plenty to share with you!

The season starts with two days of fashion shows on **Thursday 15th** and **Friday 16th September** at **11am** and **2pm**. We will be showing you the very best of our autumn collections including new label Lauren Vidal, noted for its fashionable layered look and elegant day to even dresses by Latte. New fitflop boots are now arriving in store as well as a wonderful outerwear collection with beautifully detailed coats from Greenstone.

There will of course be a glass of something fizzy and Jenny Livesey, my new pastry chef, will be making all the mini bits we will serve after the **2pm show**. Whilst each day will have Carol, queen of curves, modelling, on **Saturday 17th September** there will be an **Excel fashion show at 11am**, when all models will be a size 18 and over. We will be showing the exciting winter range whilst talking body shapes and what works.

As ever, ring and let us know your plans as soon as possible to ensure you have your place booked and a glass of something has your name on it!

Northcote are again allowing us to book two days of fashion show lunches on **Tuesday 25th** and **Wednesday 26th October**. Lisa will be cooking and as ever, it will be two days of sell-out, so book soon to be guaranteed a seat.

With new Bridal boutique Te Amo now open in the village, Eve Lingerie on our first floor and of course our very own deli cafe bar, Benedicts, Whalley really does make a very special day out!

So, lots going on and as always we look forward to welcoming you.

Hilary

PS. A final note to let you know we are working closely with Gene Sutcliffe, as she prepares to close her shop after 40 years to enjoy her new grandchild and a well deserved retirement. You will see next spring familiar faces and new labels as we keep the continuity. Our families have worked closely over the years and I have great personal respect for her achievement. I've asked Gene to come and model for us as that was how she started in the first place!!!
